

PROTECTION CONCEPT

In Switzerland, face masks are compulsory in all indoor areas of hotels, restaurants, facilities and companies. Correspondingly also in our hotel. Thank you for your understanding.

The health of our guests and our employees is very important for us. Therefore, we have developed and implemented a detailed protection concept which is constantly adapted to the current situation. Below we have listed the most important points:

Your safety is our priority

Face masks must be worn in all indoor areas of the hotel. You may remove the mask when seated at a table. We therefore kindly ask you to wear your mask at all times.

Hand hygiene for all

Hand sanitiser dispensers are available in the whole hotel for our guests to disinfect their hands. Common contact points are cleaned and disinfected several times a day.

Enjoy good food, but with certificate 2G

In Switzerland, restaurants can only be visited with a 2G Covid Certificate (=vaccinated or recovered). The certificates will be checked by our staff upon arrival.

Clean and effective

Our employees carefully follow all recommendations and mandatory measures of the Federal Office of Public Health. Moreover, our housekeeping team has intensified their cleaning routines. To detect an infection with the corona virus at an early stage, the temperature and general state of health of all employees is checked daily.

Despite the distance, close to you

Our Reception employees may be standing behind a Perspex screen, but the information they provide will still be transparent, informative, and helpful. Don't hesitate to contact us at any time when on the spot. We as well kindly ask our guests, to keep their distance of 1.5 meters to our staff and all other guests.

Fast and safe

Cash payment is preferred. Please also consider paying your total bill on the evening before your departure.

Friendly and secure

All our staff members have a 2G or 2G+ Covid Certificate.

Be cautious but fair

If you experience any flu-like symptoms as fever, cough, or a runny nose, please refrain from travelling. If you feel ill or unwell during your stay, please inform the Reception team.
